DETAILED ACTION

Response to Amendment

1. The amendment filed on April 11, 2006 has been entered; claims 29 and 52-72 have been cancelled.

Allowable Subject Matter

2. Claims 21-28, 31-35 and 37-48 are allowed.

3. The following is an examiner's statement of reasons for allowance: The prior art fails to disclose a semiconductor circuit arrangement on a substrate comprising at least a deep trench that penetrates through a charge storing layer and extends into a doped semiconductor layer; and a shallow trench arranged in the doped semiconductor layer, wherein the shallow trench does not penetrate through the charge storing layer and an insulating layer and the shallow trench extends about laterally symmetrical in all directions beyond an edge of the deep trench. The above limitations in combination with other claim limitations are not taught or fairly suggested by the prior art nor would it be obvious to modify the references of record so as to yield the device of the instant application.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to A. Sefer whose telephone number is (571) 272-1921.
